### **Job Responsibilities:**

- Maintain and continuously improve our website to provide an exceptional experience for our customers.
- Collaborate with the design team to implement new features and enhance usability.
- Develop and optimize HTML, CSS, and JavaScript code to ensure optimal site performance.
- Identify and resolve technical and performance issues.
- Implement best practices in web development and security standards.
- Collaborate with other members of the development team on special projects.

### **Compensation:**

- Competitive base salary, to be determined based on experience and skills.
- Bi-weekly payments.
- Performance-based bonuses.

### **Benefits:**

- Comprehensive health plan.
- Wellness program including personal care benefits.
- Relocation assistance for qualified candidates.
- Comprehensive insurance plans.
- Educational assistance for professional development.
- Paid sick leave.
- Disability options.
- Retirement savings options (RRSP).
- Flexible spending accounts.
- Access to company vehicles for work-related projects.

**Company culture:**

At Java Junction, we value work-life balance for our employees. We offer flexible schedules and remote work options to promote harmony. Our work environment is collaborative and friendly, fostering creativity and innovation. We also celebrate social events and encourage participation in wellness activities.

**Company Policies:**

By joining our team, employees are subject to company policies and procedures, including probationary periods and any changes implemented.

**Contingencies:**

This offer is contingent upon background checks, references, proof of eligibility to work, and other factors. Please ensure you verify the specific geographic requirements for these processes.

We are excited about the possibility of having you join our team and contribute to the success of Java Junction.
